The Nephite Riots

by Jonathan Olvera

The year is 2024 the United States is in chaos. Rioteers from Mexico and Switzerland are evferywhere in The United States. Politics and Negro elections - from 2017 to 2019. Civil misconduct and Murders are everywhere in The United States. Electronics and Automatic weapons are traded almost with no concequence at all. The Drug Cartels are Emerging as Political leaders. Influenced by Central American Political Parties like PAN. Promoting the slaughter and stalking of unsuspecting American citizens.

It is difficult to understand why one person or groups are targeted in states like Arizona. high priced jewlery and large ammounts of Narcotics are used to hummiliate and subdue innocent people.

Asphyxiation, Black mail, and the promotion of International Genocide. It has a nasty effect on the Democratic system of justice in America.

It is bizzare and frightening. Everyday threatened with the detonation of High power Nuclear devices aimed at Capitol Cities of The United States of America and Commercial Airplane flying high taking aim at tagets and flying extremely low.

"I would rather kill myself" Anonymous.

It truley is frightening to see tall buildings removed and no longer in use.

The buildings empy from fear that a airplane will collide or explode in mid air.

Groups like 'Al-Jazeera' a Jordanian Terrorist Organization in The United States.

The Criminal activity:

Drug Trafficking

Kidnapping

Murder

Abuse of Corpse

Corruption

It is dissapointing that things like this happen in the United States, things like restrictions on electronics and terrorism.

They just fail.

Hard working families and students are left abused and robbed of their political

voice.

The Government has a corrupt police state rotation in our country and it is suffocating.

Promoting Genocide and Narcotic violations.

"The Elections are fake!" People say.

Honest politicians are put out of work by 'Death Row Inmates' and 'Rapists.'

As a community it takes a lot to keep a clear mind and make decisions to survive.

When you are threatened with loaded weapons and sexual assult by international gangs in The United States.

The KKK had it's way in the United States Capitol.

Killing and injuring our heroes.

It's like a hostage situation where you don't know where to get help.

The Fire Department say they're going to kill you.

The Police Department say they will shoot anyone who calls the Police.

Methamphetamine is Manufactured and Toxic vapors flow all throughout Mainland America it is embarassing.

Jokes of Corruption and human slavery are common day speak.

It is like a Disaster has struck America.

Dirty Media and threats of International warfare and Invasions from Mexico.

Americans wake up facing thousands of Mexican insurgents 'Choking' the job market and threatening to open fire and invade the United States.

It is Frightening and the Corruption has literally put brought the Judicial System in The United States to it's knees.

Its a heist for contracts and employment. Some times you just have to trust the Media and State officials know how to do their job.

No one wants to get killed.

People hope the sitiuation could get better.

'Al-Jazeera' 'KKK' and 'The Nephites' Claim responsibility for Terrorism in The United States.
